Honeywell

As a Honeywell certified Gold Performance Partner in New Zealand, Rapid Labels provides service and support for the full range of Honeywell thermal printers, scanners and mobile computers as well as parts for Datamax and Intermec thermal printers.

We are known for quality end-to-end customer service, setting ourselves apart from those who only offer box-drop services. This makes us the best choice for companies looking for thermal printing solutions.

Our team will ensure that your Honeywell printers, scanners and mobile solutions are fully operational after you purchase them from us and that any issues are resolved post delivery.

Labels and ribbons for your Honeywell printer are also available from us, along with a full service offering onsite, or return to base.

Contact us for more information about these services or any other Honeywell products.

Our team is always ready to help: **0800 865 223** or **thehub@rapidlabels.nz**

Plug & play Barcode Scanners

Moving with mobile workers Mobile Printers

Xenon XP 1952g

RP2/4 (F)

The **Xenon XP 1952g** scanner makes barcode scanning easy with industry-leading scan performance.

The **RP2/4(F)** mobile label printers move with your workers – portable and rugged, they offer reliable receipt and label printing.

From retail to check out, warehouse supply chains and manufacturing, these scanners are purpose-built for the demands of your business.

These are energy efficient, long-battery-life portable mobile printers which are designed to withstand punishing field conditions where dirt, moisture, temperature extremes and drops are common.

They are the perfect solution for small to medium-sized businesses who need easy and effective day-to-day operations.

Direct thermal and printing 500 labels per day, these mobile printers offer solutions for warehouse, retail and infringement environments.

RT10 Tablet

Improving workforce productivity

Mobile Computers

Workflow demands vary by industry. Rapid Labels provides a suite of Honeywell mobile computers and tablets to suit all areas of operation. These empower warehouse workers and retail associates alike to stay productive, connected and efficient.

The slim, lightweight **CT30XP** is easy for the retail sector to use, hold and carry. It is a durable, all-purpose business tool ensuring ultra-reliable data access and communications for front-line mobile workers.

CT30XP

CT45XP

CK65

Honeywell's **CT45XP** enables mobile workers to work while on the road, in the rain, or in a dusty warehouse. Designed to withstand challenging environments with no adverse damage or compromise to device integrity or sacrifice to ergonomic benefits. Its sleek, compact design and enhanced superior ruggedness ensures comfortable use and protection against drops and falls.

The **CK65** handheld computer boosts supply chain productivity, is widely used in cold storage warehousing and offers best-in-class ruggedness. As the industry's most advanced ultra-rugged mobile computer, it's ready for the toughest DC environments and the broadest range of workflows.

Whether you're a supervisor, shop floor employee, manager or a maintenance worker, the **RT10** tablet is ready to fit into your daily workflow. With a 10.1-inch bright, high-resolution, optically bonded display and a light yet durable form factor, this tablet is easy to use all day long.

Keep it all under one roof

Self-adhesive labels, printer ribbons and variable print solutions

For over 50 years we have provided New Zealand businesses with **self-adhesive labels** – from custom shapes and sizes to ex stock courier labels, direct thermal and thermal transfer labels. Our wide range of label materials offer solutions with the appropriate face stocks and adhesives to suit your labelling requirements.

Our technical label experience combined with our **printer, scanner** and **mobile solutions** makes Rapid Labels the best option as an overall provider. Look to us for your product labels through to warehousing labels as well as printer and consumables, scanner and mobile solutions to streamline your retail or logistical needs.

We stock genuine **thermal transfer ribbon brands** for desktop and industrial tabletop printers and our printer sales team will help you figure out whether a wax, wax-resin or resin ribbon is appropriate for your application. Get in touch with us for a copy of our full Ribbons Catalogue.

Rapid Labels also has an in-house **Overprinting Bureau**, providing hassle free overprinting for batch codes, best before dates, sequential numbering, 1D/2D barcodes and all other variable data required before label application.
