Effective 1 April 2012, please find enclosed the range of labels, printers and ribbons that Rapid Labels hold in stock.

Our website (rapidlabels.co.nz) has become the primary vehicle to communicate the breadth of Rapid's full label offer.

So this catalogue is a factual buying guide only – a handbook you can keep close when ordering stock labels, printers & ribbons.

Of special note in this issue - a new range of nursery tags and reduced pricing for our 3-part Pharmacy labels.

Thank you for your business and best regards.
