

## Zebra Stripe Printer Series - end of line

Orders for Zebra S600 printers can only be accepted before noon Friday 29 June

After 15 years, the icon of thermal printing has been superseded.

We have deployed more than 1000 Stripe printers over the years - but please now be advised that this series is now end of line. It started as the S300/500, evolved into the S400/600 - but now the Stripe series is being replaced by the Zebra S4M.

The purpose of this sheet is to give Zebra clients comfort that the replacement is a quantum leap forward.

### ZEBRA STRIPE S600

The Zebra Stripe S600 can be purchased up until the end of June 2007. Please see below the features of its replacement.

### ZEBRA S4M

- Metal cased
- USB connection
- Optional Ethernet connection
- 300dpi option
- LCD display
- Side opening design
- Lower cost

### PARTS & SERVICE FOR STRIPE PRINTERS

Availability of parts for Stripe printers are guaranteed by Zebra for 3 years. Rapid Labels will hold the full parts inventory at least until the end of 2010. Our technicians will continue to service Stripe printers into the future.
